

Safety Data Sheet

Section 1: Identification of the substance/mixture and of the company/undertaking

1.1 Product identifiers

Product name: Phalloidin-AMCA Conjugate
Product number: 23100

1.2 Relevant identified uses of the substance or mixture and uses advised against

Identified uses: For research use only. Not intended for diagnostic or therapeutic use.

1.3 Details of the supplier of the datasheet

Company: AAT Bioquest, Inc.
Address: 5775 W Las Positas Blvd, Pleasanton, CA 94588
Telephone: (408)-733-1055
Fax: (408)-733-1304
Email: info@aatbio.com

1.4 Emergency telephone number

Chemtrec (Within USA): 1-(800)-424-9300
Chemtrec (Outside USA): 1-(703)-527-3887

Section 2: Hazard identifications

2.1 Classification of the substance or mixture

Acute toxicity, oral Category 1, 2
Acute toxicity, dermal Category 1, 2
Acute toxicity, inhalation Category 1, 2

2.2 Label elements

Signal word: Danger
Hazard statements: H300 - Fatal if swallowed
H310 - Fatal in contact with skin
H330 - Fatal if inhaled

Symbols/Pictograms:

| | |
|--|--|
| Precautionary statements - prevention: | Wash hands... thoroughly after handling. Do not eat, drink or smoke when using this product. Do not get in eyes, on skin, or on clothing. Wear protective gloves/protective clothing/eye protection/face protection/hearing protection. Do not breathe dust/fume/gas/mist/vapors/spray. Use only outdoors or in a well-ventilated area. [In case of inadequate ventilation] Wear respiratory protection. |
| Precautionary statements - response: | IF SWALLOWED: Get emergency medical help immediately. Specific treatment (see on this label). Rinse mouth. IF ON SKIN: wash with plenty of water. Get emergency medical help immediately. Take off immediately all contaminated clothing and wash it before reuse. IF INHALED: Remove person to fresh air and keep comfortable for breathing. Specific treatment is urgent (see on this label). |
| Precautionary statements - storage: | Store locked up. Store in a well-ventilated place. Keep container tightly closed. |
| Precautionary statements - disposal: | Dispose of contents/container in accordance with local/regional/national/international regulation. |

2.3 Hazards not otherwise classified (HNOC) or not covered by GHS

Hazards not otherwise classified (HNOC): None

2.4 Other information

Other hazards: None

Section 3: Composition/information on ingredients

3.1 Substances

Chemical name: Phalloidin-AMCA Conjugate
CAS No.:
Molecular weight: ~1100
Formula:

Section 4: First aid measures

4.1 First-aid measures

General advice: If symptoms persist, call a physician. Do not breathe dust/fume/gas/mist/vapors/spray. Do not get in eyes, on the skin, or on clothing.

Eye contact: Immediately flush with plenty of water. After initial flushing, remove any contact lenses and continue flushing for at least 15 minutes. Keep eye wide open while rinsing. If symptoms persist, call a physician.

| | |
|-------------------------------------|--|
| Skin contact: | Consult a physician if necessary. Wash off immediately with soap and plenty of water while removing all contaminated clothes and shoes. Wash contaminated clothing before reuse. Wash off immediately with plenty of water. If skin irritation persists, call a physician. Wash off immediately with soap and plenty of water. Immediate medical attention is not required. |
| Inhalation: | Remove to fresh air. If breathing is irregular or stopped, administer artificial respiration. Avoid direct contact with skin. Use a barrier to give mouth-to-mouth resuscitation. Artificial respiration and/or oxygen may be necessary. Immediate medical attention is not required. Move to fresh air in case of accidental inhalation of vapors. If symptoms persist, call a physician. |
| Ingestion: | Do NOT induce vomiting. Rinse/clean mouth with water and drink plenty of water afterward. Never give anything by mouth to an unconscious person. Consult a physician. |
| Self-protection of the first aider: | Use personal protective equipment. |

4.2 Most important symptoms and effects, both acute and delayed

| | |
|-----------|--|
| Symptoms: | H300 - Fatal if swallowed. H310 - Fatal in contact with skin. H330 - Fatal if inhaled. |
|-----------|--|

4.3 Indication of any immediate medical attention and special treatment needed

| | |
|---------------------|------------------------|
| Note to physicians: | Treat symptomatically. |
|---------------------|------------------------|

Section 5: Firefighting measures

5.1 Suitable extinguishing media

| | |
|-------------------------------|---|
| Suitable extinguishing media: | Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. |
|-------------------------------|---|

| | |
|---------------------------------|---------------------------|
| Unsuitable extinguishing media: | No information available. |
|---------------------------------|---------------------------|

5.2 Specific hazards arising from the chemical

| | |
|---|--|
| Specific hazards arising from the chemical: | In the event of a fire and/or explosion, do not breathe fumes. May cause sensitization by inhalation and skin contact. Thermal decomposition can lead to the release of irritating and toxic gases and vapors. |
|---|--|

| | |
|--------------------------------|------------------------------|
| Hazardous combustion products: | Carbon oxides, sulfur oxides |
|--------------------------------|------------------------------|

5.3 Explosion data

| | |
|-----------------------------------|---------------------------|
| Sensitivity to mechanical impact: | No information available. |
|-----------------------------------|---------------------------|

| | |
|----------------------------------|---------------------------|
| Sensitivity to static discharge: | No information available. |
|----------------------------------|---------------------------|

5.4 Protective equipment and precautions for firefighters

| | |
|--|---|
| Protective equipment and precautions for firefighters: | As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent), and full protective gear. |
|--|---|

Section 6: Accidental release measures

6.1 Personal precautions, protective equipment, and emergency procedures

| | |
|-----------------------|--|
| Personal precautions: | Use personal protective equipment as required. Keep people away from and upwind of spill/leak. Evacuate personnel to safe areas. |
|-----------------------|--|

6.2 Environmental precautions

Environmental precautions:

Prevent further leakage or spillage if safe to do so. Prevent product from entering drains. Do not flush into surface water or sanitary sewer system. See Section 12 for additional Ecological Information.

6.3 Methods and material for containment and cleaning up

Methods for containment:

Prevent further leakage or spillage if safe to do so. Cover powder spill with a plastic sheet or tarp to minimize spreading. Dike far ahead of liquid spill for later disposal.

Methods for cleaning up:

Use personal protective equipment as required. Cover powder spill with a plastic sheet or tarp to minimize spreading and keep the powder dry. Take up mechanically, placing in appropriate containers for disposal. Avoid creating dust. Clean contaminated surfaces thoroughly. Soak up with inert absorbent material. Dam up. Pick up and transfer to properly labeled containers. Sweep up and shovel into suitable containers for disposal. After cleaning, flush away traces with water. Take precautionary measures against static discharges.

Section 7: Handling and storage

7.1 Precautions for safe handling

Advice on safe handling:

Avoid contact with skin, eyes, or clothing. Use personal protective equipment as required. Wash contaminated clothing before reuse. Do not breathe dust/fume/gas/mist/vapors/spray. Do not eat, drink or smoke when using this product. Use with local exhaust ventilation.

7.2 Conditions for safe storage, including any incompatibilities

Storage conditions:

Keep in a dry, cool and well-ventilated place. Keep in properly labeled containers. Store in accordance with local regulations. Recommended storage conditions -20 C° and protect from light.

Incompatible materials:

None known based on information supplied.

Section 8: Experimental controls/personal protection

8.1 Control parameters

Exposure guidelines:

This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region-specific regulatory bodies.

8.2 Appropriate engineering controls

Engineering controls:

Showers, eyewash stations, ventilation systems

8.3 Individual protection measures, such as personal protective equipment

Eye/face protection:

Tight sealing safety goggles. Face protection shield.

Skin and body protection:

Wear protective gloves and protective clothing.

Respiratory protection:

If exposure limits are exceeded, or irritation is experienced, NIOSH/MSHA approved respiratory protection should be worn. Positive-pressure supplied air respirators may be required for high airborne contaminant concentrations. Respiratory protection must be provided in accordance with current local regulations.

General hygiene considerations:

When using, do not eat, drink or smoke. Regular cleaning of equipment, work area, and clothing is recommended. Avoid contact with skin, eyes, or clothing. Wash hands thoroughly after handling. Keep away from food, drink, and animal feeding stuff.

Section 9: Physical and chemical properties

| | |
|-------------------------------|--------------------------|
| Physical state: | Liquid |
| Solubility in water: | Low |
| Appearance: | No information available |
| Odor/odor threshold: | No information available |
| pH: | No information available |
| Melting point/freezing point: | No information available |
| Boiling point: | No information available |
| Flashpoint: | No information available |
| Liquid density: | No information available |
| Evaporation rate: | No information available |
| Upper flammability limit: | No information available |
| Lower flammability limit: | No information available |
| Vapor pressure: | No information available |
| Vapor density: | No information available |
| Specific gravity: | No information available |
| Water solubility: | No information available |
| Solubility in other solvents: | No information available |
| Partition coefficient: | No information available |
| Autoignition temperature: | No information available |
| Decomposition temperature: | No information available |
| Viscosity: | No information available |
| Explosive properties: | No information available |
| Oxidizing properties: | No information available |

Section 10: Stability and reactivity

| | |
|-------------------------------------|--|
| Reactivity: | No data available |
| Chemical stability: | May form explosive peroxides |
| Possibility of hazardous reactions: | None under normal processing |
| Hazardous polymerization: | No information available |
| Conditions to avoid: | Extremes of temperatures and direct sunlight |
| Incompatible materials: | Strong oxidizing agents |
| Hazardous decomposition products: | Carbon oxides |

Section 11: Toxicological information

11.1 Information on likely routes of exposure

| | |
|--------------|-------------------|
| Inhalation: | No data available |
| Eye contact: | No data available |

Skin contact: No data available

Ingestion: No data available

11.2 Information on toxicological effects

Symptoms: No information available

11.3 Delayed and immediate effects as well as chronic effects from short and long-term exposure

Chronic toxicity: Repeated contact may cause allergic reactions in very susceptible persons. Avoid repeated exposure.

11.4 Numerical measures of toxicity - product information

Unknown acute toxicity: No information available

Section 12: Ecological information

Ecotoxicity: May cause long-lasting harmful effects to aquatic life.

Persistence and degradability: No information available

Bioaccumulation: No information available

Mobility: No information available

Section 13: Disposal consideration

Disposal of wastes: Disposal should be in accordance with applicable regional, national and local laws and regulations.

Contaminated packaging: Do not reuse container

Other information: Waste codes should be assigned by the user based on the application for which the product was used.

Section 14: Transport information

DOT: UN2811, Toxic solids, organic, n.o.s., 6.1, II; ERG No. 154

IMDG: UN2811, Toxic solids, organic, n.o.s., 6.1, II; Special Provisions: 274; EmS-No. F-A, S-A

IATA: UN2811, Toxic solids, organic, n.o.s., 6.1, II; ERG Code: 6L

Section 15: Regulatory information

15.1 International Inventories

US Toxic Substances Control Act (TSCA): Not listed

Canada (DSL/NDSL): Not listed

Europe (EINECS/ELINCS/NLP): Not listed

Australia (AICS): Not listed

South Korea (KECL): Not listed

China (IECSC): Not listed

Japan (ENCS): Not listed

Phillipines (PICCS): Not listed

15.2 US Federal Regulations

SARA 313: Not listed

SARA 311/312 components: Acute health hazard

CWA (Clean Water Act):

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR122.21 and 40CFR 122.42).

15.3 US State Regulations

California Proposition 65:

Not listed

Massachusetts-RTK:

Not listed

New Jersey-RTK:

Not listed

Pennsylvania-RTK:

Not listed

U.S. State Right-To-Know Regulations:

This product does not contain any substances regulated by state right-to-know regulations.

Section 16: Other information

16.1 HMIS

Health hazards: 4

Flammability: -

Reactivity: -

Personal protection: -

16.2 NFPA

Health hazards: -

Flammability: -

Stability: -

Physical and chemical properties: -

16.3 Further information

This material is sold for research purposes only and is not required to appear on the TSCA inventory. It is not intended for food, drug, household, agricultural or cosmetic use. Its use must be supervised by a technically qualified individual experienced in handling potentially hazardous chemicals. The above information is believed to be correct but does not purport to be all-inclusive and shall be used only as a guide. Users should make independent decisions regarding the completeness of the information based on all sources available. AAT Bioquest shall not be held liable for any damage resulting from handling or from contact with the above product.
